THE WASHINGTON POST

Washington, DC

2005-Present

SENIOR WEB UX DESIGNER

Leads and manages requirement gathering sessions, user experience documentation and design exploration through the web development cycle for the Advertising, Marketing, News and HR Departments. Works directly with business executives and technologists to ensure project is delivered according to business goals and end user needs.

Sample projects include:

- » Integration of Facebook 'recommend' & twitter stream on Washington Post website
- » eCommerce solutions for product acquisition, subscription renewal and event tickets
- » Subscriber service features for account management on mobile & web
- » New product development for diversified revenue streams including, TastePost, Capital Business, Washington Post Live & Classified Self-Service applications
- » Washington Post Media Brand definition and Advertising media website
- » Human Resources career website featuring company benefits & current job openings

SWIM DESIGN CONSULTANTS

Silver Spring, MD

2003-2005

LEAD WEB DESIGNER

A design consultant for education and museum based clientele seeking a digital marketing strategy. Small design studio allows hands-on approach to all projects, including executive presentations, managing projects and collaborating with freelance designers & developers.

Sample projects include:

- » Brooklyn Museum of Art website template system & style guide documentation
- » 'Design a Plate' kiosk for the Winterthur Museum traveling Porcelain exhibition
- » Princeton & Harvard Universities Alumni html email & interactive appeal

RAZORFISH CONSULTANTS

Boston, MA

2000-2001

DESIGNER

Collaborates with an international interactive design team to provide robust solutions for Fortune 500 companies.

Sample projects include:

- » Estee Lauder International website hosting entire product suite, in English & French
- » Origins Brand Makeup website design leveraging established brand guidelines
- » Gloss.com website concept exploration that would host all Estee Lauder brands

(Visit www.colorhive.com/portfolio for additional project descriptions.)
